LOGICAL FRAMEWORK AND ACTIVITY MATRIX

Increased Democratic and Inclusive Election in Tanzania in 2020

The Logical framework (logframe) matrix should evolve during the Action's (i.e. the project's) lifetime: new lines can be added for listing new activities as well as new columns for intermediary targets (milestones) when it is relevant and values will be regularly updated in the column foreseen for reporting purpose (see "Current value").

The logframe can be revised as necessary (in line with the provisions defined in Article 9.4 of the general conditions).
